

STEP M-1801 Minimax Drop Bagger

STEP M-1801 Minimax Drop Bagger is a fully automated continuous sealer packaging machine designed for high-efficiency and precision in industrial packaging processes. This machine offers seamless integration into production lines, ensuring consistent, high-quality sealing for a variety of film types.

This machine is also ideal for industries requiring reliable, high-speed packaging solutions with minimal downtime and maintenance. Its user-friendly interface and advanced automation technology make it a valuable addition to any production facility.

Features

- Fully Automated Operation
- Versatile Film Compatibility
- High-Precision Sealing
- Efficient Air Consumption
- Compact and Robust Design
- User-Friendly Interface

SPECIFICATIONS	
Model	STEP M-1801 Minimax Drop Bagger
Sealer Bar Opening	1300mm
Maximum Film Width	550mm
Film Thickness	12 - 100µm
Film Types	PE, OPP, CPP, PP, POF, PET, PVL
Maximum Roll Diameter	∅ 400mm (Flat)
Air (Supply / Consumption)	6 bar, 1.2l / cycle
Installed Power	50-60 Hz, 220V, 4A, 3 phase
Consumption	3kW
Dimensions	1600 x 1650 x 1500mm
Palletized Size	1800 x 1750 x 1700mm
Weight (Net / Gross)	346kg / 413kg
Color	Light gray RAL7035
Item Number	48301801

Application
