

STEP HANDWRAPPER NW-450

Description

The **STEP Handwrapper NW-450** is a durable and easy-to-use film dispenser made of thickened stainless steel. Featuring a two-way slide cutter and a 450mm film capacity, it ensures clean, seamless wrapping for professional use.

Features

1. **Durable Stainless Steel Build:** Ensures longevity and low maintenance.
2. **Two-Way Slide Cutter:** Smooth and precise cutting for clean, seamless wrapping.
3. **450mm Film Capacity:** Supports large film rolls for various applications.
4. **Compact & Lightweight Design:** Easy to handle and transport.
5. **User-Friendly Operation:** Simplifies professional wrapping tasks efficiently.

Key Product Benefits

1. **Durable and Reliable:** Stainless steel construction ensures long service life.
2. **Smooth Cutting Performance:** Two-way slide cutter delivers clean and precise cuts.
3. **Portable and Compact:** Lightweight design makes it ideal for commercial and industrial use.

Applications

Perfect for:

- **Food Packaging:** Wrapping fresh food for catering and delis.
- **Retail Use:** Wrapping retail products for clean presentation.
- **Logistics & Warehousing:** Ensures secure wrapping for goods during transport.
