

# Kraftpaper

## For Sewing machine 65 mm 800m/roll

### Description:

Our premium Kraftpaper, 65mm wide and 800m per roll, is designed to enhance the performance of the **STEP FAC-N980AC Bag Closing Machine**. It provides strong and reliable sealing for industrial bagging applications in sectors such as agriculture, food processing, and chemicals. Eco-friendly and durable, this Kraftpaper ensures seamless operation, reduces downtime, and optimizes efficiency in high-volume packaging environments.

### Features:

1. **Long-Lasting Roll Dimensions:** 65mm wide and 800m per roll for fewer interruptions and enhanced efficiency.
2. **Durable Material:** Crafted from high-strength paper fibers, ensuring resistance to tearing and punctures while maintaining packaging integrity.
3. **Machine Compatibility:** Specifically suited for the STEP FAC-N980AC Bag Closing Machine to enhance sealing quality and operational performance.
4. **Eco-Friendly:** Made from biodegradable and recyclable materials, aligning with sustainable packaging practices.

### Key Product Benefits:

1. **Cost-Effective:** High durability reduces the need for frequent replacements, lowering operational costs.
2. **Efficient Performance:** Optimized for continuous operation with the STEP FAC-N980AC, ensuring smooth sealing with minimal downtime.
3. **Sustainable Solution:** Fully recyclable and biodegradable, supporting environmental commitments without compromising quality.

### Applications:

Perfect for industries such as agriculture, food processing, and chemical packaging, this Kraftpaper ensures strong, reliable seals during storage and transport. It is designed to meet the demands of industrial environments, securing contents effectively while minimizing the risk of contamination or damage.

Specifications	
Length	800m
Width	65mm
Inside Core	35mm
Net Weight (N.W.)	22kg
Gross Weight (G.W.)	23kg
Carton Dimensions	53 x 52 x 35 cm
Item Number	56701065-800
