

PVC Tape Red 240 12mm x 66m 144rl/box

Description

The PVC Tape Red 240 is a durable and versatile bagging tape made from high-quality PVC material. Designed for sealing polybags, it is particularly suitable for bread bags and light packaging applications in bakeries, retail, and food industries. With its strong adhesion and compact roll size, this tape ensures reliable sealing performance.

Key Features

- High quality PVC bagging tape
- Excellent adhesion for polybags
- Suitable for bread bag sealing
- Compact roll size for easy use
- Efficient bulk packaging of 144 rolls per box

Benefits

- **Reliable Performance:** Ensures secure sealing of polybags and bread bags.
- **Ease of Use:** Compact 12mm size makes handling simple.
- **Cost Efficiency:** Bulk supply with 144 rolls per box reduces downtime and purchasing frequency.
- **Versatility:** Applicable across bakery, retail, and light industrial settings.
- **Consistency:** Maintains strong adhesion throughout storage and use.

Applications

- Bakery packaging (bread bags)
- Food packaging
- Meat packaging
- Light industrial packaging
